Careers at Lipotype – Lipidomics for a better life

20. January 2021

## Job offer: Product Manager (f/m/d)

Dresden, Germany; Full/Part-time, start as soon as possible

Lipotype is a leading lipidomics provider located in Dresden/Germany. We are looking for a Product Manager to support our team which has constantly grown since our market entry in 2014. You will be:

- Managing novel and existing lipidomics products and applications throughout the entire product life cycle
- Identifying new target customer segments and applications
- Developing new applications for our Lipotype Shotgun Lipidomics technology in areas such as pharmaceutical research, drug development, cosmetics, dermatology, food science, clinical and basic research
- Developing and driving Lipotype's KOL relationships
- Representing Lipotype by actively participating in customer-directed activities, scientific conferences, and marketing events
- Working in an interdisciplinary environment in close cooperation with our data analysis, software development, analytical, marketing and sales teams.

### Who you are

You are thrilled by the application of cutting-edge science to technologically challenging real-world problems thus providing highly innovative customer solutions. You have a PhD degree in a life science discipline, experience in the field of omics science is beneficial. You are a highly organized, reliable person who likes to work in the team as well as independently. Prior experiences in industry would be recommended. You possess strong time management skills and an ability to prioritize. You are service-oriented and like to communicate and interact with people. Fluency in English is a prerequisite, along with excellent communication skills in speech and writing.

### Who we are

Lipotype is an innovative lipidomics provider and delivers lipid analysis services for pharma/biotech companies, food, cosmetics/dermatology industry, as well as for academic researchers. Lipotype is a spin-off company from the Kai Simons and Andrej Shevchenko labs of the world-renowned Max-Planck-Institute of Molecular Cell Biology and Genetics in Dresden, Germany.

**What we offer**

We offer a dynamic start-up atmosphere with great colleagues in an international environment, flat hierarchies, attractive salary, individual training opportunities, company pension scheme, flexible working hours and legendary company events.

... what are you waiting for?
