

## Quality Manager

f/m/d

**WORKING TIME:**

Full/Part-time

**WHERE:**

Remote or  
Dresden, Germany

**BEGIN:**

as soon  
as possible

**If you were part of a team developing the technology to support health and prevent diseases instead of treating them, would you be proud to be part of it?**

Lipotype is a growing biotech company, and up to this challenge. A few years ago, we developed Lipotype Shotgun Lipidomics, a leading technology that allows for the analysis of thousands of different lipids (fat molecules) at once. Today, we are the leading lipidomics provider and deliver our lipid analysis services for pharma/biotech companies, cosmetics/dermatology industry, as well as for academic researchers.

### Who are we looking for?

- You have proven experience in quality management within an analytical laboratory setting.
- You possess in-depth knowledge of regulatory standards and data analysis such as GMP, GCP, ISO17025, ISO15189 and/or ISO13485.
- You are experienced with audit processes, quality training programs and demonstrate strong communication skills.
- You are familiar with computerized systems and document management.

### What will you do?

- Compliance: Ensure adherence to laboratory accreditation, regulatory standards, and information management policies.
- Audits and Assessments: Oversee internal audit processes, external assessments, proficiency testing programs, document control systems, competency assessment, training, and other quality-related activities.
- Effective Communication: Establish processes and policies for professional communication between all related stakeholders.

### Why should you join us?

- Dynamic start-up atmosphere to learn, grow and thrive.
- International team with down-to-earth colleagues & flat hierarchies.
- Attractive salary, benefits & company pension scheme.
- Flexible working hours and hybrid working models.
- Ping pong table tournaments and legendary company events!
